Wedding Bells

Jason and Anna were married at 2:00 PM on Saturday, August 9, 1997 at Trinity Church of the Nazarene in Duncanville, Texas. There were around 150 people in attendance. After the wedding they left for a week's honeymoon in Estes Park, Colorado. Jason returns to work on Aug 18th and a week later Anna goes back to school.

Saying, 'I do'.

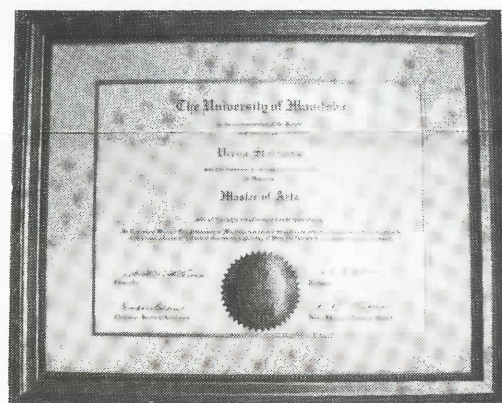

The cake is delicious.

Jeremy was not able to make it to the wedding. His unit has been assigned to leave for deployment in late October. They are getting ready for potential combat and Jeremy's unit is a reconnaissance unit so wherever there is trouble, his unit goes in first. He is afraid and requests that you pray for God's continued protection for him.

Our Work

Verna has been asked to teach this fall in the Texas Summer Institute of Linguistics. This is one of the schools that Wycliffe has for training future Bible translators. Verna will be teaching Field Methods, which is a course that simulates a field project of learning a foreign language, analyzing the sound system and the grammatical structure all without the benefit of previously published descriptions and analyses of the language. To organize and analyze their language data, the students will use the LinguaLinks software, that Verna has been helping to program in the last two years. Teaching is something that Verna has always wanted to do and completing her Masters degree in Linguistics has made this possible.

Robert continues to prepare an exhaustive database of names occurring in the Bible, to be included in the Translator's Workplace CD ROM. Did you know that there are close to 4,450 names of individual people and places in the Old Testament and around 650 in the New Testament? The names are of people and places, such as towns, lakes, mountains, rivers, valleys, etc.
