Hi,

Robert left for India two weeks ago, on Nov 6th, to facilitate translating the script of the [JESUS](#) film into another language which has no scripture or written language. The team is almost finished with the initial oral draft. Next week they will edit and revise the oral script. (Everything is done orally.)

The translation team during the pre-workshop training.

After the translation team has completed the script for the [JESUS](#) film, the recording team arrives, chooses the voice actors from the language community, and records the [JESUS](#) film audio track professionally, using the newly translated script. Then the production team in Orlando, Florida produces the [JESUS](#) film in the new language and it is made available online for all to view. Last year, Robert and his team spent a month onsite in October and by Christmas the [JESUS](#) film was available to the people in their own language. You may view it [here](#).

Robert is slated to arrive home two weeks from today on Dec 6th. He is doing much better than he did last year - he is sleeping well, eating better, and has not gotten sick. Thank you for your prayers.

I am doing much better with the separation this year than I did last year - no broken water pipes, truck accidents, or phone troubles. I have a wonderful support team who has surrounded me with companionship, food, and prayers. Thank you, Lord!

Thank you so much for your friendship, prayers, and financial support. Without you, we would not be able to do the work that God has called us to do. We pray that Father God will bless you exceedingly abundantly above all you may ask or think.

Love from both of us,

**Verna**
